FOR THE BLIND AND VISUALLY IMPAIRED

PRIDE Clean[®]
PACKAGED BY PEOPLE WITH DISABILITIES.

Good for the earth.

And all its people.

The PRIDEClean® Difference

PRIDEClean was developed to provide an industrial strength, environmentally and budget friendly alternative for our private and public sector customers who wanted to 'go green' efficiently, without sacrificing quality. Frankly, we expected the accolades that the products received, as the formulas were developed in partnership with the U.S. Environmental Protection Agency's (EPA) Safer Choice Program and successfully field-tested against some of the best in the business.

What surprised and delighted us was the overwhelming positive response to the social good that our products provide. PRIDEClean products are custom blended and manufactured to the highest standards of Safer Choice. Then, filled, labeled and packaged by people with disabilities. Our customers were amazed at how easy it was to do something good for the earth, for their business, and for their community.

PRIDEClean® Good for the earth. And all its people.

About the Safer Choice Program

The Safer Choice Program is one of EPA's premier partnership programs, working with individual industry sectors to improve human and environmental health. The Safer Choice Program mark allows consumers to quickly identify and choose products that can help protect the environment and are safer for people. A long list of industry-leading companies are now partnering with Safer Choice Program. For more information go to: www2.epa.gov/saferchoice.

About The Products

The PRIDEClean® line consists of six private label, industrial strength cleaning products, all of which carry the Safer Choice Program certified, a program of the Environmental Protection Agency. The Degreaser also carries NSF certification, ensuring its safety in food environments.

PRIDEClean® ECO Green Glass & Mirror Cleaner
EPA Safer Choice Certified, non-VOC, non-ammoniated and biodegradable. Competes in quality against the best ammonia-based products, but is better for the environment and your budget.

PRIDEClean® ECO Green Multipurpose Cleaner
EPA Safer Choice Certified, non-VOC, non-ammoniated and biodegradable. Utilizes a unique hydrogen peroxide formula that kills germs and deodorizes as it cleans and leaves washable surfaces residue free. Great for all hard surfaces.

PRIDEClean® ECO Green Bathroom Cleaner & Scale Remover
EPA Safer Choice Certified, mild acid-fortified and biodegradable. Removes soap scum, mineral deposits and stains from washroom fixtures and tiles. Brightens as it cleans.

PRIDEClean® ECO Green Neutral Floor Cleaner
EPA Safer Choice Certified, non-VOC, low foaming, neutral PH and biodegradable. Unique, no-rinse formula dries film free. Leaves floors clean, with a sheen. Safely removes surface dirt and soils from all hard surfaces.

PRIDEClean® PRO Heavy Duty Degreaser
EPA Safer Choice Certified, NSF registered and low foaming. An aggressive, all-purpose degreaser. Spray and wipe formula cuts through grease and smoke film quickly and easily. NSF registered for safe use in food prep areas.

PRIDEClean® ECO Green Carpet Cleaner & Prespotter
EPA Safer Choice Certified, NSF registered and low foaming. An aggressive. All-in-one action for all types of soils and stubborn stains. Helps to eliminate mold and mildew stains. Leaves carpets smelling fresh.

Matching, High Quality Microfiber Products

- Color and task coded and matched makes training easy, ensures proper use and eliminates cross-contamination or chemical misuse.
- A greener clean. Reusable and water saving.

Flexible Dispensing Options for Every Use

Our 1.8 liter dispensing containers are fitted with a self-venting, closed-loop system to protect your customers, employees and company from costly spills or mixing mistakes.

Our system provides three options for dilution from a single container for maximum flexibility in your working environment:

- Manual, self-contained squeeze and pour measurement
- Convenient, portable and affordable color-coded dilution guns for use with bottles, mop buckets and even moveable machinery
- Rack or wall-mount custom and affordable dispensing unit with backflow protection and water regulator for consistent dilution regardless of water pressure

LightHouse for the Blind

Since 1902, LightHouse has been the place where blind people come to learn skills, gain confidence and develop independence. Each day we prove that with blindness skills training and a supportive community of peers and mentors, blind people can live the lives they choose as competent and confident employees, students and community members.

Our Story

At LightHouse for the Blind's Sirkin Center we employ individuals who are blind or have low vision to manufacture eco-friendly cleaning products and individual tissue packets. These high-quality, safe and effective products are utilized by communities, government agencies and companies around the country. PrideClean and LightHouse for the Blind partner to provide meaningful employment for people with disabilities with the purpose of increasing job skills, confidence and self-reliance. Proceeds from Sirkin Center sales support the life-changing programs of the LightHouse for the Blind.
