## The SKILCRAFT Difference

SKILCRAFT products are developed to provide industrial strength, environmentally and budget friendly alternatives to the cleaning market. We aim to reach private and public sector consumers who want to be sustainable efficiently, without sacrificing quality.

SKILCRAFT offers products that meet your cleaning and janitorial needs. The products carry the Environmental Protection Agency's (EPA) Safer Choice Program certification and have a proven track record of success.

What surprised and delighted us was the overwhelmingly positive response to the social good that our products provide. Our SKILCRAFT products are manufactured to the highest standards of Safer Choice. Then, filled, labeled and packaged by people with disabilities. Our customers were amazed at how easy it was to do something good for the earth, for their business, and for their community.

## About the Products

The SKILCRAFT line consists of six private label, industrial strength cleaning products, all of which carry the EPA Safer Choice Certification. The Degreaser also carries NSF certification, ensuring its safety in food environments.

## About the Safer Choice Program

The Safer Choice Program is one of EPA's premier partnership programs, working with individual industry sectors to improve human and environmental health. The Safer Choice Program mark allows consumers to quickly identify and choose products that can help protect the environment and are safer for people. A long list of industry-leading companies are now partnering with the Safer Choice Program. For more information go to: [www.epa.gov/saferchoice](http://www.epa.gov/saferchoice).

- Rack or wall-mount custom and affordable dispensing unit with backflow protection and water regulator for consistent dilution regardless of water pressure

## LightHouse for the Blind

Since 1902, LightHouse has been the place where blind people come to learn skills, gain confidence and develop independence. With the blindness skills training and a supportive community of peers and mentors, it has been proven that people who are blind or have low vision can live the lives they choose as competent and confident employees, students and community members.

## Our Story

LightHouse for the Blind and Visually Impaired, is an organization dedicated to enhancing the quality of life for people with vision impairments. At LightHouse, we have a team of talented blind individuals who specialize in the manufacturing of eco-friendly cleaning products. Our workforce is committed to producing high-quality goods while also empowering individuals with vision impairments to live independent, prosperous, and fulfilling lives. Whether it's working with blind babies and their families in our Little Learners program or helping seniors navigate vision loss through our Changing Vision, Changing Lives program, LightHouse is proud to be part of the mission to enhance the lives of visually impaired individuals.
